

This is a detailed cadastral map of a rural area in Japan. The map displays a complex network of land parcels, each identified by a unique numerical code. The parcels are outlined in black, and the map is overlaid with a grid of latitude and longitude lines. A prominent red dashed line runs across the map, likely indicating a boundary or a specific administrative division. The map includes several place names in red text: 三ヶ山町 (Mikagayama Town) in the upper left, 尾生町 (Oshige Town) in the center, and 三ヶ山町 (Mikagayama Town) in the lower left. The map also shows a network of roads, rivers, and other geographical features. The overall layout is typical of a cadastral map used for land management and planning.
