

This is a detailed cadastral map of a rural area in Japan. The map displays numerous land parcels, each identified by a unique numerical code. The parcels are arranged in a grid-like pattern, with some parcels being larger than others. The map is oriented with North at the top. A red dashed line is drawn across the map, indicating a specific route or boundary. The place names '尾生町' (Osei Town) and '三ヶ山町' (Mikayama Town) are written in red. The map also shows some roads and other geographical features. The overall layout is typical of a cadastral map used for land management and planning.
